EUDR:

Under the EUDR Regulation, specifically in its Article 1, a regulatory framework is established for products derived from the raw materials listed in Annex I. The EUDR applies to a wide range of products, including those containing or produced from the following raw materials:

- Cattle: meat and dairy products.
- Cocoa: Chonolate and derived products.
- Coffee: Coffee beans and ground.
- Oil palm: Palm oil and products that contain it.
- Rubber: Natural rubber products.
- Soy: Food and feed that contain soy.
- Wood: Wood products and derivatives.

The main objective is to minimize the Union's contribution to deforestation and forest degradation.

Given the defined scope of application, the manufacturer concludes that the product is excluded from the provisions established in this regulatory framework of the EUDR Regulation.
